**CAMBRIAN COAST RAILWAY LIAISON CONFERENCE 01-10-2021**

<b>Cwestiwn i TRAFNIDIAETH CYMRU / Question for TRANSPORT FOR WALES</b>	
<b>Cwestiwn i NETWORK RAIL/ Question for NETWORK RAIL</b>	
<b><u>FAO – Mr Sam Hadley / NWR Team</u></b>	
<p>Llangelynnin Community Council would like to know when the long-awaited work on the boundary wall and crash barriers on the <b>A493 between Llwyngwriil and Friog</b> will be started .... and completed.</p> <p>This complaint was first reported to Cyngor Gwynedd in <b>January 2015</b>, who then transferred it to NWR in May 2015 as NWR was responsible for the boundary wall and crash barrier. The complaint was first brought to the Cambrian Coast Railway Liaison Conference's attention on <b>03.03.17</b> and has been discussed by your liaison committee several times since ..... 10.11.17, 9.3.18 &amp; 30.11.18 - <b>and we are still waiting for the work to be done !!!</b></p> <p><b>Would be grateful if this could be discussed at your next meeting and hopefully, we will not have to remind NWR and your committee again about the seriously dangerous safety issues here.</b></p> <p>Would appreciate if your comments/minutes could be relayed to Llangelynnin Community Council when they are available. Many thanks. Llawer o ddiolch.</p> <p>Glenda Edwards On behalf Llangelynnin Community Council</p>
