

Cyfarfod:	Pwyllgor Pensiynau
Dyddiad:	21/01/2019
Teitl:	Bwrdd Ymgynghorol y Cynllun: Rheoli Costau
Awdur:	Dafydd L Edwards, Pennaeth Cyllid a Meirion Jones, Uwch Swyddog Cyfathrebu
Pwrpas:	Ar gyfer gwybodaeth yn unig

1. Cyflwyniad

Ar 21/12/2018 cyhoeddodd Bwrdd Cyngori'r Cynllun (SAB) y wybodaeth ddiweddaraf am y broses rheoli costau. Gellir gweld y diweddarriad llawn yn Atodiad 1 (Saesneg yn unig), ond gellir gweld crynodeb isod yn ogystal â barn ein Actiwari, Hymans Robertson.

2. Rheoli Costau Bwrdd Ymgynghorol y Cynllun

Mae rheoli costau ar gyfer y Cynllun Pensiwn Llywodraeth Leol (CPLIL) yng Nghymru a Lloegr yn cael ei gynnal yng nghyd-destun adolygiad eang ar gostau cynlluniau pensiwn gwasanaeth cyhoeddus o dan gyfarwyddiadau Trysorlys EM.

Gan fod y CPLIL yn gynllun ariennir, mae ganddi broses rheoli cost gwahanol i bob cynllun pensiwn gwasanaeth cyhoeddus arall.

Yn seiliedig ar waith a gynhalwyd gan ymgynghorydd actiwaraid y Bwrdd, cyfanswm cost y cynllun (cyflogwr a chyflogai) o dan broses y Bwrdd yw 19% yn erbyn cost targed cyfanswm y cynllun o 19.5%.

Cytunodd y Bwrdd i ddirprwyo i'r Cadeirydd a chynrychiolydd o ochr cyflogwyr a gweithwyr, a gyda chymorth grŵp technegol bach, y cyfrifoldeb o gytuno ar becyn o newidiadau buddion i ddychwelyd y cynllun at ei darged gost o 19.5%, gan ystyried hefyd lefel cyfraniadau gweithwyr yn y pegwn isaf.

Er mwyn cyflawni hyn, rhaid gwneud newidiadau i fuddion. Mae Adran 3 isod yn rhoi crynodeb o'r newidiadau arfaethedig.

3. Newidiadau / argymhellion arfaethedig

Cyflwynwyd y pecyn canlynol o welliannau buddion a gostyngiadau cyfraniadau gweithwyr i'r Ysgrifennydd Gwladol ar 16 Tachwedd 2018. Ers hynny cafwyd trafodaethau gyda'r gweinidog a'i dîm a chafwyd cyngor cyfreithiol a chyngor ar effaith cydraddoldeb pellach.

Ymddeoliad Salwch:

- Cael gwared ar y drydedd haen o ymddeoliad salwch (angen diwygio Rheoliad 35)

Marwolaeth mewn gwasanaeth:

- Cyflwyno lleiafswm o lwmw grant marwolaeth mewn gwasanaeth o £75,000 yr aelod (angen diwygio Rheoliad 40)

Ymddeoliad cynnar:

- Ffactorau ymddeol cynnar gwell ar gyfer yr holl aelodau sy'n actif ar 1 Ebrill 2019 mewn perthynas â'u haelodaeth gysylltiedig â chyflog terfynol yn unig. Yn dilyn cyngor cyfreithiol pellach a gafwyd gan y Llywodraeth, cytunwyd a chyflwynwyd gwelliant i'r argymhelliaid hwn ar 12 Rhagfyr. Yr argymhelliaid yn awr yw, o fewn yr amlen un gost, y dylid cymhwysyo ffactorau ymddeoliad cynnar gwell i holl wasanaeth yr holl aelodau sy'n actif ar 1 Ebrill 2019 (mae angen arweiniad actiwaraid newydd).

Cyfraniadau gweithwyr:

- Band 2.75% newydd ar gyflog o £ 0 i £ 12,850. Mae'r band newydd hwn yn adlewyrchu diffyg unrhyw ryddhad treth pensiwn ar gyfer aelodau ar gyflogau dan y lwfans personol newydd.
- Ymestyn maint ond gostyngiad yng nghyfradd y band cyfredol 2 (5.8%). Byddai hyn yn mynd o £ 12,501 i £ 22,500 ond ar gyfradd is o 4.4% fyddai yn elwa aelodau ar gyflog isel.
- Ymestyn y band 6.8% o £ 45,200 i £ 53,500 i adlewyrchu'r cynnydd yn y lwfans treth uwch ers i'r bandiau gael eu cyflwyno yn 2014.

4. Amcangyfrif o effaith ariannol y pecyn

Amcangyfrifir bod yr adolygiad yn ôl i ailbrisio pensiwn a gronnywd i ddechrau'r flwyddyn cynllun yn **ostyngiad** yng nghost y cynllun yn y dyfodol o 0.4% o'r gyflogres.

Amcangyfrifir y bydd y pecyn hwn o welliannau buddiannau a argymhellir yn **cynyddu** cyfanswm cost gwasanaeth i'r dyfodol y cynllun yn y dyfodol o 0.5% o'r gyflogres.

O fewn y cyfanswm hwnnw, amcangyfrifir y bydd y gostyngiad yng nghyfraniad y gweithiwr o ganlyniad i'r bandiau newydd yn 0.8% o'r gyflogres yn 2019-20 gyda **chynnydd** posibl mewn cyfraniadau gan gyflogwyr.

Gyda phob peth arall yn gyfartal, byddai'r pecyn uchod yn gweld cynnydd net yn gyfraddau cyfartalog cyflogwyr yn y dyfodol o 0.9% o'r gyflogres.

Fodd bynnag, nid yw pob peth arall yn gyfartal ac ychydig o gyflogwyr sy'n talu'r gyfradd gyfartalog felly bydd yr effaith wirioneddol ar gyfer pob cyflogwr cynllun yn dibynnu ar ganlyniad proses prisiaint 2019 ac yn benodol;

- Y farn a gymerir gan actiwarï y gronfa mewn perthynas â chostau pob elfen o'r pecyn.
- Proffil aelodaeth pob cyflogwr; gyda'r cyflogwyr gyda staff llawn amser â thâl uwch o bosib yn gweld llai o bwysau i gynyddu cyfraniadau ac i'r gwrthwyneb, byddai cyflogwyr sydd â chyfran uchel o staff ar gyflog llai na £ 12,000 yn gallu gweld pwysau uwch a allai olygu cynnydd o fwy na 2% yn y costau.
- I ba raddau y bydd y costau'n cael eu lliniaru gan ffactorau eraill megis gostyngiad yn hirhoedledd pensiynwyr yn y dyfodol.

5. Y cam nesaf

Sefydliad cynghorol yn unig yw SAB. Bydd y penderfyniad terfynol ar y pecyn o welliannau yn cael ei wneud gan Y Weinyddiaeth Tai, Cymunedau a Llywodraeth Leol (MHCLG). Mae'n debygol y bydd ymgynghoriad yn cael ei lansio ddiwedd Ionawr / dechrau mis Chwefror, ac yn ôl yr angen bydd yn rhaid iddo fod yn fyr gan y bydd y gwelliannau'n effeithiol o 1 Ebrill 2019 (mae'r dyddiad hwn yn cael ei yrru gan Drysorlys EM a bydd yn berthnasol i'r holl gynlluniau pensiwn sector gyhoeddus).

Dywed SAB y byddent yn hoffi i MHCLG i gyhoeddi llythyr cysur i roi cymaint o rybudd â phosibl o'r newidiadau cyn y dyddiad effeithiol i gronfeydd a darparwyr meddalwedd.

6. Barn yr Actiwari

Dyma sylwadau cychwynnol ein Actiwari ar y cyhoeddiad:

- Gellir trafod diliusrwydd ac effeithiolrwydd yr ymagwedd rheoli cost gyfan yn helaeth. Mae'n ymddangos yn rhyfedd i ddyfarnu gwelliannau buddion ar adeg pan fo costau pensiwn y sector cyhoeddus yr uchaf y buont am gyfnod hir. Mae Trysorlys EM wedi cydnabod hyn ac maent wedi ymrwymo i adolygu, ar ryw adeg yn y dyfodol, y dull rheoli cost i weld a yw'n bodloni'r bwriad polisi presennol.
- Mae presenoldeb prisiaint rheoli cost SAB yn newyddion da i'r CPLIL. Nid oes gan unrhyw gynllun pensiwn sector cyhoeddus arall mecanwaith SAB ar waith ac felly mae'r cynlluniau hynny yn agored i ganlyniadau prisiaid rheoli costau Trysorlys EM sydd wedi gweld arbedion cost rhwng 3-5% o dâl (o'i gymharu ag arbediad o 0.5% o gyflog gyda'r SAB) a gwelliannau sylweddol i'r cyfraddau croni. Gobeithio y bydd y pecyn arfaethedig o newidiadau buddion a chyfraniad yn ddigonol i sicrhau bod canlyniadau'r prisiaid rheoli costau Trysorlys EM ar y CPLIL yn golygu na fydd unrhyw welliannau buddion sylweddol yn cael eu sbarduno.
- Amcangyfrifir effaith cost y newidiadau arfaethedig ar lefel y cynllun. Fodd bynnag, mae'r CPLIL yn cael ei ariannu ar lefel cyflogwyr a dyma le bydd y newidiadau yn cael eu gwireddu. Oherwydd bod rhai o'r newidiadau mwy arwyddocaol (cyfraddau cyfraniadau gweithwyr a marwolaeth mewn gwasanaeth) yn canolbwytio ar yr aelodau cyflog isaf, mae'n dilyn y bydd y cyflogwyr hynny â staff cyflogedig ar gyflog is na'r cyfartaledd cenedlaethol yn gweld cynydd uwch. Er enghraifft, os yw holl staff y cyflogwr yn ennill llai na £ 12,850 y.f. yna bydd y gyfradd cyfraniad cyflogwr yn cynyddu 2.75% oherwydd y newid hwn yn unig. Byddai wedi bod yn well, ac yn fwy teg, o safbwyt cyflogwr pe byddai y newidiadau arfaethedig yn gyson ar draws yr holl aelodaeth.
- Mae'r amserlen gywasgedig yn siomedig a byddem yn cwestiynu a yw'n caniatáu i unrhyw ymgynghoriad go iawn ddigwydd. O gofio y bydd y newidiadau hyn yn uniongyrchol ac, mewn rhai achosion, yn cael effaith sylweddol ar fuddion gwirioneddol, gweinyddu a chyllido, byddem wedi gobeithio am gyfnod hirach i ystyried y cynigion, trafod opsiynau eraill a caniatáu amser i'w cyfathrebu i aelodau a chyflogwyr. Bydd cronfeydd hefyd o dan bwysau gwirioneddol mewn cyfnod sydd eisoes yn brysur i ddiweddarau systemau gweinyddu a threfniadau i ymdopi â'r newidiadau i fuddion.

Ar hyn o bryd mae Hyman Robertson yn ystyried y cynigion yn fanylach a bydd yn darparu nodyn manylach yn yr wythnosau sydd i ddod.

Atodiad A

THIS DOCUMENT DOES NOT IN ANY WAY CONSTITUTE CONFIRMED POLICY NOR DOES IT IN ANY WAY PREJUDGE THE OUTCOME OF ANY FORTHCOMING CONSULTATION PROCESS. IT IS DESIGNED TO GIVE ADMINISTERING AUTHORITIES AND SCHEME EMPLOYERS INFORMATION REGARDING THE PROPOSALS SUBMITTED BY THE LGPS ADVISORY BOARD IN RESPECT OF THE COST MANAGEMENT PROCESS. NO LIABILITY IN ANY FORM CAN BE ACCEPTED BY THE LGPS ADVISORY BOARD OR ANY OF ITS MEMBERS IN RESPECT OF ANY ACTION TAKEN BASED ON THE CONTENTS OF THIS DOCUMENT.

Local Government Pension Scheme Advisory Board SAB Cost Management

Context

1. Cost management for the LGPS in England and Wales is taking place in the context of a public service pension scheme wide cost cap review under HM Treasury directions. In the other schemes indicative outcomes have seen breaches of the cost cap floor requiring benefit improvements in excess of 3% of payroll.
2. The closest comparable public service scheme undergoing the cost cap process this year is LGPS in Northern Ireland which has recently commenced a consultation on a benefit improvement package costing 3.2% of payroll.
3. LGPS in England and Wales has a separate cost management process which is completed prior to finalisation of the HMT cost cap calculations.

Board cost management outcome

4. At the Board meeting of the 10th October it was noted that, subject to agreement by government to return the scheme design to that agreed in 2013 by the employers and scheme members in relation to the annual revaluation of CARE benefits, the outcome of the Board's cost management process was a total scheme future service cost of 19%. As the target for the process is 19.5% the Board agreed to consider recommendations to return the total cost back to the target.
5. It was further agreed that a Board sub group consisting of the Chair, Vice Chair and an employer representative would consider a package of benefit improvements sufficient to return the total cost back to 19.5% and such further changes to employee contributions within that total cost necessary to obtain the support of both employer and employee representatives of the Board.
6. The Board agreed that options for changes to benefits should be limited to Third Tier III Health, Lump sum death grants, Early Retirement and Commutation. These being elements which were both of interest to scheme members and affordable within the 0.5% target cost increase. Any changes to employee contribution rates were to be targeted principally at the lowest bands but also seeking to address existing anomalies with regard to pension tax relief at both the personal and higher rate allowance points.

Consideration of options

7. In order to provide the Board sub group with the information necessary to come to a view a small technical group consisting of representatives of both scheme member and employers as well as the secretariat was formed. This group received actuarial input (in the form of technical advice from MHCLG's GAD adviser and independent actuarial advice from the Board's actuarial adviser) and legal views from Eversheds (in particular with regard to

potential discrimination issues) and considered a number of options around the elements agreed by Board.

8. The secretariat also held discussions with LGPS actuarial firms in order to get a very broad feel of the potential actual impact at fund and employer level of the various options.

9. The following proposals were put to the Board for agreement.

III health

10. That the removal of the third tier of ill health (costed on the assumption that tier 2 would be awarded in these cases) should be recommended.

Death in service

11. That due to the high cost and low perceived benefit a small improvement to the existing lump sum death in service benefit (3 x pay) for all members was not appropriate for recommendation. However a targeted improvement via the introduction of a minimum payment of £75,000 (per member) was.

Early Retirement

12. A number of options on enhanced early retirement factors were considered including limiting the enhancements to various groups of members or sections of the scheme. Following legal opinion on the potential for challenge to a number of options on the grounds of age discrimination two options were put forward to the Board; application of equal enhancement to all members in all sections of the scheme and targeted enhancements to final salary section benefits.

Commutation

13. Given the potential cost of a membership wide increase together with the potential for confusion and administrative overhead of limiting commutation improvements to a particular group of members or section of the scheme this option was not considered to be a priority and therefore no recommendations were made to the Board in this area.

Employee contributions

14. Based on costing information provided, six options for changes to employee contribution rates were considered. The objective for the options was to find one that most closely met the dual ambition of removing tax relief anomalies (where net contributions are lower after an increase in pay because of the effect of pension tax relief) and providing a real reduction for the lowest paid members.

15. The option that most closely met these ambitions was agreed to be;

- A new 2.75% band at pay of £0 to £12,850. This new band reflects the lack of any pension tax relief for levels of pay below the new personal allowance.
- An expansion in size but reduction in rate of the current band 2 (5.8%). This would now go from £12,501 to £22,500 and be at a rate of 4.4% benefitting lower paid members.
- An expansion of the top of current 6.8% band from £45,200 to £53,500 to reflect the increases in the higher rate tax allowance since the bands were introduced in 2014.

16. It was also proposed to the Board that moving the bands out of regulation and into guidance would in future years enable a more effective tracking of changes to pension tax relief as well as providing a more effective and speedier means to meet the target yield.

17. The Board sub group considered these options and obtained agreement by the employee and employer representatives on the Board.

Recommendations of the Board

18. The following package of benefit improvements and employee contribution reductions were submitted to the Secretary of State on 16th November. Since then discussions have taken place with the minister and his team and further legal and equality impact advice has been obtained.

- a) Removal of Tier 3 of III Health (amendments required to Regulation 35)
- b) A minimum lump sum death in service benefit of £75,000 per member (amendments required to Regulation 40)
- c) Enhanced early retirement factors for all members who are active on 1st April 2019 in respect of their final salary linked membership only. Following further legal advice obtained by Government an amendment to this recommendation was agreed and submitted on 12th December. The recommendation now is that, within the same cost envelope, enhanced early retirement factors should be applied to all service of all members active on 1st April 2019 (new actuarial guidance required).
- d) Removal of contribution bands from regulations replaced by reference to guidance (amendments required to Regulation 9)
- e) Introduction of the bands shown below for 2019-20 (new guidance required)

Band	Pensionable Pay from £	Pensionable Pay to £	Contribution rate
1	0	12,850	2.75%
2	12,851	22,500	4.4%
3	22,501	36,500	6.5%
4	36,501	53,500	6.8%
5	53,501	64,600	8.5%
6	64,601	91,500	9.9%
7	91,501	107,700	10.5%
8	107,701	161,500	11.4%
9	161,501		12.5%

Estimated financial impact of the package

19. The revision back to revaluation of pension accrued to the start of the scheme year is estimated to be a **reduction** in the future scheme cost of 0.4% of payroll.

20. This package of recommended benefit improvements is estimated to **increase** the total future service cost of the scheme by 0.5% of payroll.

21. Within that total it is estimated that the reduction in the employee contribution yield as a result of the new bands will be 0.8% of payroll in 2019-20 with a potentially equivalent **increase** in employer contributions.

22. All other things being equal the above package would see net increases in average employer future service rates of 0.9% of payroll.

23. However all other things are not equal and few employers pay the average rate therefore the actual impact for each scheme employer will depend on the outcome of the 2019 valuation process and in particular;

- The view taken by the fund actuaries of the costs of each element of the package
- The membership profile of each employer; with those with higher paid full time staff possibly seeing a smaller upward pressure on contributions and conversely those with a very large proportion of staff earning less than £12,000 potentially seeing a much higher upward pressure possibly in excess of 2%.
- The extent to which the costs are mitigated by other factors such as the falling away of future longevity increases
- The extent to which the costs are amplified by other factors such as reductions to future service discount rates
- The upward or downward pressure of changes to employer deficits on the total employer rate

Next steps on Board cost management

24. It was hoped that agreement could have been reached with MHCLG on these recommendations and a consultation launched before Christmas. For a number of reasons this has not proved possible, however, it is anticipated that such a consultation will be published in late January/early February for regulations to take effect from 1st April.

25. The Board has made representations to MHCLG and HM Treasury that meeting the implementation date of 1st April 2019, will be significantly challenging for administering authorities and have proposed putting back the implementation date if possible. However, indications are that due to the requirements placed on all public service pension schemes the 1st April implementation date will not be changed

26. The Board has strongly suggested to MHCLG that -

(a) the consultation be as short as is possible and

(b) a letter of comfort is issued as soon as is legally possible to allow administering authorities and software providers to anticipate the changes to regulations and employers to implement new contribution rates.

27. In the meantime, the Board advise that authorities begin preparations for the above changes including taking a view on advising their employers of the proposed contributions rates. Without preempting regulatory changes it may be prudent to put in place the necessary preparations to avoid changing bands on 1st April under current regulations then retrospectively making further changes to bands and rates resulting in contribution overpayments. Doing so could enable employers to take immediate and full advantage of any letter of comfort issued prior to regulations in this area.

28. You may also wish to make employers and members aware of the proposed changes to ill health and early retirement with effect from 1st April so that decisions can be made in light of the proposals.

29. The Board secretariat will contact software suppliers and major payroll providers to assess the changes required to systems to implement these proposals. In particular to determine the most effective way to introduce enhanced early retirement factors with the absolute minimum impact on administrative processes.

30. The secretariat will review the NI database to ensure it can provide the necessary membership information to ensure that minimum death in service lump sums are appropriately limited where multiple active membership records exist across funds.
 31. The secretariat will also work with fund actuaries to ensure the proposed changes are able to be appropriately accounted for in the coming valuation.
 32. At its last meeting the LGPS Technical Group, consisting of representatives from the regional Pension Officer Groups (POGs), agreed to form a working group early in the New Year to further assess the administrative implications of the proposals and provide information and advice to administering authorities.
- Next steps on MHT cost cap**
33. The HMT cost cap process will be completed once the outcome of the above proposals and subsequent consultation is known.
 34. If the proposals are not accepted by government either prior to or following a consultation then the HMT process will complete without having to take account of any changes to scheme design when determining if the cost floor has been breached.
 35. If the proposals are accepted and submitted for legislation, the HMT process will take the changes into account when determining if the cost floor has been breached.
 36. In either case if the cost floor is breached changes to benefits will be required under the terms of the Public Service Pension Schemes Act 2013.

**Jeff Houston
Secretary to the Local Government Pension Scheme Advisory Board (England and Wales)**

If you have any questions please contact the Board Secretariat on any of the following email addresses. Please note you will get an out of office from the team over the Christmas period but your email will be picked up and will be responded to as quickly as possible.
