Wrth gynnig i berchnogion tocyn blwyddyn i barcio yno am gyfnod y gaeaf, ac i fod yno am 24awr os y mynnir, rhaid gofyn y cwestiwn a i'w Llanberis yn bentref fwy prysur gyda ymwelwyr na Dolgellau yn y Gaeaf, ac byddai colli llecynnau parcio i gael trosiant o 3 awr i ymwelwyr yn achosi cwynion/problemau a cholled incwm sylweddol gan mai ond 63 o lecynnau sydd yno.

At Llanberis Car Park, which is a short stay, income of £ 2,503 was made during the winter season of 2019/20 and with approximately 63 parking spaces. When offering owners a yearly ticket to park there for the winter, for 24 hours if required, the question must be asked whether Llanberis is a busier tourist village than Dolgellau in the winter, and would losing parking spaces to have a 3 hour turnover for visitors causes complaints / problems and a significant loss of income as there are only 63 pitches.
