EQUALITY IMPACT ASSESSMENT FORMS

PARTS A (Screening – Forms 1-4) and
B (Key Findings and Actions – Form 5)

<u>For:</u>	<i>New residential and nursing care home at Penrhos</i>
<u>Date form completed:</u>	<i>9th December 2022</i> <i>Reviewed: November 2025</i>

PARTS A: SCREENING and B: KEY FINDINGS AND ACTIONS

Introduction:

These forms have been designed to enable you to record, and provide evidence of how you have considered the needs of all people (including service users, their carers and our staff) who may be affected by what you are writing or proposing, whether this is:

- a policy, protocol, guideline or other written control document;
- a strategy or other planning document e.g. your annual operating plan;
- any change to the way we deliver services e.g. a service review;
- a decision that is related to any of the above e.g. commissioning a new service or decommissioning an existing service.

Remember, the term 'policy' is used in a very broad sense to include "...all the ways in which an organisation carries out its business" so can include any or all of the above.

Assessing Impact

As part of the preparation for your assessment of impact, consideration should be given to the questions below.

You should also be prepared to consider whether there are possible impacts for subsections of different protected characteristic groups. For example, when considering disability, a visually impaired person will have a completely different experience than a person with a mental health issue.

It is increasingly recognised that discrimination can occur on the basis of more than one ground. People have multiple identities; we all have an age, a gender, a sexual orientation, a belief system and an ethnicity; many people have a religion and / or an impairment as well. The experience of black women, and the barriers they face, will be different to those a white woman faces. The elements of identity cannot be separated because they are not lived or experienced as separate. Think about:-

- ✓ How does your policy or proposal promote equality for people with protected characteristics (Please see the General Equality Duties)?
- ✓ What are the possible negative impacts on people in protected groups and those living in low-income households and how will you put things in place to reduce or remove these?
- ✓ What barriers, if any, do people who share protected characteristics face as a result of your policy or proposal? Can these barriers be reduced or removed?
- ✓ Consider sharing your EqIA wider within BCUHB (and beyond), e.g. ask colleagues to consider unintended impacts.
- ✓ How have you/will you use the information you have obtained from any research or other sources to identify potential (positive or negative) impacts?

Part A

Form 1: Preparation

Please answer all questions

1.	What are you assessing i.e. what is the title of the document you are writing or the service review you are undertaking?	The capital business case for the development of a new build (replacement) residential care home and care home with nursing on the Penrhos site
2.	Provide a brief description, including the aims and objectives of what you are assessing.	The proposal is to provide permanent, modern, fit for purpose residential and nursing care accommodation on the Penrhos site. The investment objectives are: • To support the rebalancing of the residential and nursing care market (for the Gwynedd area) by increasing delivery from the public / not for profit sector focused on delivering person centred outcomes for all. • To support the provision of care closer to home by improving the accessibility of residential and nursing care, ensuring provision of services in the Welsh language. • To support sustainability of local residential and nursing care provision through a collaborative, partnership approach which will integrate with the wider spectrum of care delivered from the Penrhos site. • To develop an innovative workforce model that will support the long-term health and social care sector with the potential for application in other areas of North Wales and create opportunities for training through Welsh Language. • To ensure purposefully designed accommodation which will meet the care needs of individuals both now and into the future. • To deliver value for money through the efficient use of resources and delivery of environmentally sensitive accommodation that is carbon neutral. The project benefits / outcomes are: • Securing of nursing provision in local area • Flexible health and care provision (“seamless care” as described in A Healthier Wales)

Part A

Form 1: Preparation

Please answer all questions

		• Partnership approach between health and local authority may provide further opportunities for integrated approaches • No-one stays longer than they need to in acute inpatient care. There are no “delayed transfers of care” due to lack of provision of residential and nursing beds • By having public sector provision in nursing – ability to understand more acutely the pressures of sector and ability to support smaller providers • Employment opportunities for local residents • Provide local residents with the right skills for long term employment • Provide school leavers with career aspirations meaningful and long-term employment • Local supply chain is supported and grown • Ability to train and develop medical, nursing and care staff through secondment and shadowing opportunities within the provision • Welsh language skills of all staff will be part of the recruitment policy of Council. • Resilient and more appropriate buildings and infrastructure • The new development will be well integrated into the character of the surrounding area • Providing a modern, accessible working environment that motivates different professional groups to operate collaboratively • Provides a demonstrable vision for service integration • Positive contribution towards decarbonisation / net zero agenda; Accommodation that meets current building recommendations (e.g. HBN / DDA / ventilation / infection prevention) • Meets BREEAM aspirations.
3.	Who is responsible for whatever you are assessing – i.e. who has the authority to agree or approve any changes you identify are necessary?	This Board reports to the West Integrated Health Community (IHC). Any changes identified as part of the EQIA will be considered and agreed by the Project Board (ensuring within overall budget) or escalated to the SRO where appropriate. The Penrhos Project Board will oversee the development of this scheme and the wider Penrhos site. The Senior Reporting Officer is Dylan Owen, Corporate Director – Social Services, Gwynedd Council. Any changes identified as part of the EQIA will be considered and agreed by the Project Board (ensuring within overall budget) or escalated to the SRO where appropriate.

Part A

Form 1: Preparation

Please answer all questions

		The EQIA will be submitted as part of the Outline Business Case (OBC) and will follow approval governance routes within Gwynedd Council and Betsi Cadwaladr University Health Board.
4.	Is the Policy related to, or influenced by, other Policies or areas of work?	The business case links with multiple local and national strategies and policies: ▪ The Wellbeing and Future Generations (Wales) Act 2015. ▪ Social Services and Wellbeing (Wales) Act 2014 ▪ A Healthier Wales, 2018 The plan encourages Health Boards to be 'fit for the future' and to respond quickly to challenges and opportunities. There is an opportunity to develop a new model, and a new service at Penrhos, with more space to expand on what is already provided. ▪ BCUHB Three-year plan 2025-2028 The new home in Penrhos will deliver the care closer to home agenda and expanding expertise and knowledge in the locality. ▪ Rebalancing Care and Support (Welsh Government White paper) ▪ Decarbonising Social Care in Wales
5.	Who are the key Stakeholders i.e. who will be affected by your document or proposals? Has a plan for engagement been agreed?	The key stakeholders are: • Older people and their families • Carers • Wider public • Penrhos residents • Polish community • Social Care Wales • HIW • CIW • Care Forum Wales • Welsh Government • GC Adult services leads, managers and staff

Part A

Form 1: Preparation

Please answer all questions

- BCU Community Services leads, managers and staff
- Continuing Healthcare Team
- Community Health Council
- Community and Town Council
- Local Members
- Welsh Ambulance Services Trust (WAST)
- Police
- Fire service
- Transport providers

- Byw'n Iach
- Dementia Go
- Alzheimer's
- Clwyd Alyn
- LGBTQ+

An Engagement Plan is currently being considered and drafted by the Stakeholder Sub-group.

Part A

Form 1: Preparation

Please answer all questions

6.	What might help or hinder the success of whatever you are doing, for example communication, training etc.?	If the project capital funding is not fully approved by WG this will hinder the progress of the scheme. If the build tenders are returned with a total cost much higher than the approved funding level this could also put the project at risk. Workforce recruitment will also be key to the success of the project. A specific sub-group has been established to progress the nursing and carer workforce model and staff training needs to address potential recruitment difficulties (in a semi-rural area) and to ensure care can be offered and delivered as much as possible in the Welsh Language. Communication on a local and regional level will be crucial to raise awareness, engender support and help the success of the proposed care home on the Penrhos site. An engagement plan is being drafted by the Penrhos Stakeholder Comms & Engagement Group. A communications campaign will be organised by Clwyd Alyn's Communications Department in conjunction with Gwynedd Council Communications Team and BCUHB Communications Team.
7.	Think about and capture the positive aspects of your policy that help to promote and advance equality by reducing inequality or disadvantage.	The provision of a care home providing both nursing and residential care in the Pwllheli area will improve local access to nursing and residential care for older people, preventing the need to travel a long way from home. The proposal is assessed to have a positive impact across all the protected characteristic groups and a significant positive impact on two protected characteristic groups, in particular: - Age (Older People including those with dementia) - Disability The positive aspects of this business case that help to promote and advance equality are:

Part A

Form 1: Preparation

Please answer all questions

	• It will support the rebalancing of the residential and nursing care market in Gwynedd by increasing delivery from the public / not for profit sector focusing on delivering person centred outcomes for all. • It will support the provision of care closer to home by improving the accessibility of residential and nursing care. • To support sustainability of local residential and nursing care provision through a collaborative, partnership approach which will integrate with the wider spectrum of care delivered from the Penrhos site • To develop an innovative workforce model that will support the long-term health and social care needs of older people with the potential for application in other areas of North Wales • To ensure purposefully designed accommodation which will meet the care needs of older people / individuals both now and into the future
--	---

Part A

Form 2: Record of potential Impacts - protected characteristics and other groups

Please answer all questions

Please complete the next section to show how this policy / proposal could have an impact (positive or negative) on the protected groups listed in the Equality Act 2010. It is important to note any opportunities you have identified that could advance or promote equality of opportunity. This includes identifying what we can do to remove barriers and improve participation for people who are under-represented or suffer disproportionate disadvantage.

Lack of evidence is not a reason for *not assessing equality impacts*. Please highlight any gaps in evidence that you have identified and explain how/if you intend to fill these gaps.

Remember to ask yourself this: If we do what we are proposing to do, in the way we are proposing to do it, will people who belong to one or more of each of the following groups be affected differently, compared to people who don't belong to those groups? For example, will they experience different outcomes, simply by reason of belonging to that/those group(s). And if so, will any different outcome put them at a disadvantage?

The sort of information/evidence that may help you decide whether particular groups are affected, and if so whether it is likely to be a positive or negative impact, could include (but is not limited to) the following:-

- population data
- information from EqIAs completed in other organisations
- staff and service users data, as applicable
- needs assessments
- engagement and involvement findings and how stakeholders have engaged in the development stages
- research and other reports e.g. Equality & Human Rights Commission, Office for National Statistics
- concerns and incidents
- patient experience feedback
- good practice guidelines
- participant (you and your colleagues) knowledge

Part A

Form 2: Record of potential Impacts - protected characteristics and other groups

Please answer all questions

Protected characteristic or group	Will people in each of these protected characteristic groups be impacted by what is being proposed? If so is it positive or negative? (tick appropriate below) <i>for further direction on how to complete this section please click here training vid p13-18)</i>	Reasons for your decision (including evidence that has led you to decide this) A good starting point is the EHRC publication: "Is Wales Fairer (2018)?" You can also visit their website here	How will you reduce or remove any negative Impacts that you have identified?
Guidance for Completion <i>In the columns to the left – and for each characteristic and each section here and below – make an assessment of how you believe people in this protected group may be affected by your policy or proposal, using information available to you and the views and expertise of those taking part in the assessment. This is your judgement based upon information available to you, including relevance and proportionality. If you answered ‘Yes’, you need to indicate if the potential impact will be positive or negative. Please note it can be both e.g. a service moving to virtual clinics: disability (in the section below) re mobility issues could be positive, but for sensory issues a potential negative impact. Both would need to be considered and recorded.</i> <i>The information that helps to inform the assessment should be listed in this column. Please provide evidence for all answers.</i>			

Part A

Form 2: Record of potential Impacts - protected characteristics and other groups

Please answer all questions

Hint/tip: do not say: "not applicable", "no impact" or "regardless of...". If you have identified 'no impact' please explain clearly how you came to this decision. NB: For all protected characteristics please ensure you consider issues around confidentiality, dignity and respect. For the definitions of each characteristic please click here						
	Yes	No	(+ve)	(-ve)		
Age	✓		✓		It is assessed that there will be a high positive impact from this development on older people and people with dementia. The new care home on the Penrhos site will provide purpose-built, dementia friendly facilities for older people with residential, nursing and dementia care needs. The purpose designed facilities will provide a homely environment, with care delivered by appropriately skilled and trained staff. This will ensure that local people and their families can access care close to home (reducing the need to travel). <u>Evidence includes:</u> <i>8 essential features – Age Friendly Communities (WHO) – not sure what we need to include to cover this, stats from the benchmarking report?</i> benchmarking-the-situation-of-older-people-in-wales.pdf (gov.wales)	No negative impacts have been identified

Part A

Form 2: Record of potential Impacts - protected characteristics and other groups

Please answer all questions

					All toilets and changing facilities will be gender neutral and will include a neutral (non-gender specific) colour scheme <u>Evidence includes:</u> Data on gender reassignment is not routinely collected. The section below is taken from a 2009 report from the Office of National Statistics, entitled '<u>Trans Data Position Paper</u>', which defines transgender as an 'umbrella term referring to individuals whose gender identity or gender expression falls outside of the stereotypical gender norms'. Currently, there are huge inconsistencies in population estimates of both transsexual people and the less clearly defined trans community. The Home Office '<u>Report of the interdepartmental working group on transsexual people</u>' based on research from the Netherlands and Scotland, estimates that there are between 1,300 and 2,000 male to female and between 250 and 400 female to male transsexual people in the UK. However, Press for Change estimate the figures at around 5,000 post-operative transsexual people. Further, GIRES claims there are 6,200 people who have transitioned to a new gender role via medical intervention and approximately 2,335 full Gender Recognition Certificates have been issued to February 2009. The figures are more diverse when looking at the trans community in the UK, where estimates range from 65,000 to 300,000. To put this in context, the former figure is close to the population of Inverness, while the latter is similar to the population of Cardiff (51,000 and 305,000 respectively). The variation above demonstrates that it is important to find accurate measures of the trans population at local and national levels. The absence of official estimates makes it difficult to ascertain the level of discrimination, inequality or social exclusion faced by the trans community.

Please answer all questions

Socio Economic Disadvantage	✓		✓	It is assessed that the proposal will have a positive impact on those older people who are at a socio economic disadvantage. The care home will deliver residential and nursing care to older people and those with dementia who live locally, in purpose built, modern facilities. This will positively impact older people and their families in deprived areas by providing care closer to home, reducing the need for travel and therefore generating less expense. <u>Evidence includes</u> <table border="1"> <thead> <tr> <th colspan="5">Employment and unemployment (Oct 2021-Sep 2022)</th> </tr> <tr> <th></th> <th>Gwynedd (Numbers)</th> <th>Gwynedd (%)</th> <th>Wales (%)</th> <th>Great Britain (%)</th> </tr> </thead> <tbody> <tr> <td colspan="5">All People</td> </tr> <tr> <td>Economically Active†</td> <td>60,800</td> <td>77.9</td> <td>75.9</td> <td>78.4</td> </tr> <tr> <td>In Employment†</td> <td>59,900</td> <td>76.7</td> <td>73.4</td> <td>75.5</td> </tr> <tr> <td>Employees†</td> <td>50,400</td> <td>65.9</td> <td>64.5</td> <td>66.0</td> </tr> <tr> <td>Self Employed†</td> <td>8,800</td> <td>10.0</td> <td>8.5</td> <td>9.2</td> </tr> <tr> <td>Unemployed (Model-Based)§</td> <td>1,700</td> <td>2.8</td> <td>3.2</td> <td>3.7</td> </tr> <tr> <td colspan="5">Males</td> </tr> <tr> <td>Economically Active†</td> <td>31,600</td> <td>76.4</td> <td>79.2</td> <td>82.2</td> </tr> <tr> <td>In Employment†</td> <td>31,200</td> <td>75.2</td> <td>76.3</td> <td>79.0</td> </tr> <tr> <td>Employees†</td> <td>25,000</td> <td>62.0</td> <td>64.4</td> <td>67.0</td> </tr> <tr> <td>Self Employed†</td> <td>5,800</td> <td>12.4</td> <td>11.6</td> <td>11.8</td> </tr> <tr> <td>Unemployed§</td> <td>!</td> <td>!</td> <td>3.6</td> <td>3.7</td> </tr> <tr> <td colspan="5">Females</td> </tr> <tr> <td>Economically Active†</td> <td>29,200</td> <td>79.5</td> <td>72.6</td> <td>74.7</td> </tr> <tr> <td>In Employment†</td> <td>28,700</td> <td>78.3</td> <td>70.6</td> <td>72.0</td> </tr> <tr> <td>Employees†</td> <td>25,400</td> <td>70.2</td> <td>64.7</td> <td>65.0</td> </tr> <tr> <td>Self Employed†</td> <td>3,000</td> <td>7.3</td> <td>5.5</td> <td>6.7</td> </tr> <tr> <td>Unemployed§</td> <td>!</td> <td>!</td> <td>2.8</td> <td>3.6</td> </tr> </tbody> </table> Source: ONS annual population survey ! Part A Form 3: Record of Potential Impacts – Human Rights and Welsh Language

Please answer all questions

Human Rights:

Do you think that this policy will have a positive or negative impact on people's human rights? For more information on Human Rights, see our intranet pages at: <http://howis.wales.nhs.uk/sitesplus/861/page/42166> and for additional information the Equality and Human Rights Commission (EHRC) Human Rights Treaty Tracker <https://humanrightstracker.com>.

The Articles (Rights) that may be particularly relevant to consider are:-

- *Article 2* *Right to life*
- *Article 3* *Prohibition of inhuman or degrading treatment*
- *Article 5* *Right to liberty and security*
- *Article 8* *Right to respect for family & private life*
- *Article 9* *Freedom of thought, conscience & religion*

Please also consider these United Nations Conventions:

[UN Convention on the Rights of the Child](#)

[UN Convention on the rights of people with disabilities.](#)

[UN Convention on the Elimination of All Forms of Discrimination against Women](#)

Part A Form 3: Record of Potential Impacts – Human Rights and Welsh Language

Please answer all questions

Will people's Human Rights be impacted by what is being proposed? If so is it positive or negative? (tick as appropriate below)				Which Human Rights do you think are potentially affected	Reasons for your decision (including evidence that has led you to decide this)	How will you reduce or remove any negative Impacts that you have identified?
Yes	No	(+ve)	(-ve)			
✓		✓		<i>Article 3 - Prohibition of inhuman or degrading treatment</i>	Providing new modern, purpose designed, dementia friendly care home accommodation with single rooms which are appropriately staffed with access to walking routes and an outdoor garden will ensure that older people with care needs and those with dementia are treated with dignity at all times.	Constantly strive to achieve full staffing with appropriate skills

Part A Form 3: Record of Potential Impacts – Human Rights and Welsh Language

Please answer all questions

Welsh Language:

There are 2 key considerations to be made during the development of a policy, project, programme or service to ensure there are no adverse effects and / or a positive or increased positive effect on:

Welsh Language	Will people be impacted by what is being proposed? If so is it positive or negative? (tick appropriate below)				Reasons for your decision (including evidence that has led you to decide this)	How will you reduce or remove any negative Impacts that you have identified?
	Yes	No	(+ve)	(-ve)		
Opportunities for persons to use the Welsh language	-	√	√	-	It is anticipated that the impact of this development will be positive in terms of the Welsh language. The care home will actively support the Welsh Language by increasing the 'active offer' of care delivery through the medium of Welsh within the new home. Most staff working in the care home are likely to be bilingual and older people and their families will have the opportunity to use the Welsh language, as they choose. In those instances where a Welsh speaking member of staff is not available, there will be opportunities to find another Welsh speaking member of staff where required. All signage within the new care home will be bilingual with Welsh first (on top / on the left).	No negative impacts have been identified.

Part A Form 3: Record of Potential Impacts – Human Rights and Welsh Language

Please answer all questions

					Documentation used in the care home will be provided in the family's language of choice. Braille signage, hearing loops will be available as well as easy read documentation. <u>Evidence includes:</u> <table><tr><th colspan="3"><u>Persons aged 16 years and over who speak Welsh, 2018-19</u></th></tr><tr><th></th><th>Number</th><th>%</th></tr><tr><td>Wales</td><td>463,670</td><td>18</td></tr><tr><td>Betsi Cadwaladr UHB</td><td>187,960</td><td>33</td></tr><tr><td>Isle of Anglesey</td><td>30,690</td><td>53</td></tr><tr><td>Gwynedd</td><td>68,200</td><td>66</td></tr><tr><td>Conwy</td><td>36,320</td><td>37</td></tr><tr><td>Denbighshire</td><td>23,420</td><td>30</td></tr><tr><td>Flintshire</td><td>13,950</td><td>11</td></tr><tr><td>Wrexham</td><td>15,380</td><td>14</td></tr></table> Source: StatsWales (WG) using National Survey for Wales	<u>Persons aged 16 years and over who speak Welsh, 2018-19</u>				Number	%	Wales	463,670	18	Betsi Cadwaladr UHB	187,960	33	Isle of Anglesey	30,690	53	Gwynedd	68,200	66	Conwy	36,320	37	Denbighshire	23,420	30	Flintshire	13,950	11	Wrexham	15,380	14

Treating the Welsh language no less favourably than the English language	-	✓	✓	-	It is anticipated that the Welsh language will have equal parity with the English language and thus treated no less favourably. Both Gwynedd Council's Welsh Language policy and BCU's Welsh Language policy promote the importance and parity of the Welsh language.	No negative impacts have been identified.																														

Part A Form 4: Record of Engagement and Consultation

Please answer all questions

Please record here details of any engagement and consultation you have undertaken. This may be with workplace colleagues or trade union representatives, or it may be with stakeholders and other members of the community including groups representing people with protected characteristics. They may have helped to develop your policy / proposal, or helped to identify ways of reducing or removing any negative impacts identified.

We have a legal duty to engage with people with protected characteristics under the Equality Act 2010. This is particularly important when considering proposals for changes in services that could impact upon vulnerable and/or disadvantaged people.

What steps have you taken to engage and consult with people who share protected characteristics and how have you done this? Consider engagement and participatory methods. <i>for further direction on how to complete this section please click here training vid p13-18</i>	A project engagement plan is routinely considered by the Stakeholder / Engagement & Communications Sub-group. This will include a focus on people who share protected characteristics. In brief, the plan will comprise: • Gathering existing engagement info / data • Stakeholder mapping • Working in partnership sharing data • Developing a plan for communications • Devising an initial smart survey to gather views • Information events at regular intervals to share info and gather feedback with public / key stakeholders • Pull together themes from feedback into an engagement report to share with internal and external people • Identify / agree key changes to be made
Have any themes emerged? Describe them here.	Not undertaken yet – to be confirmed at later date
If yes to above, how have their views influenced your work/guided your policy/proposal, or changed your recommendations?	To be confirmed at later date

For further information and help, please contact the Corporate Engagement Team – see their intranet page at:- <http://howis.wales.nhs.uk/sitesplus/861/page/44085>

Part B Form 5: Summary of Key Findings and Actions

Please answer all questions

1. What has been assessed? (Copy from Form 1) <i>for further direction on how to complete this section please click here training vid p13-18</i>	The capital business case for the development of a new build (replacement) residential care home and care home with nursing at the Penrhos site
2. Brief Aims and Objectives: (Copy from Form 1)	The proposal is to provide permanent, modern, fit for purpose residential and nursing care accommodation on the Penrhos site. The investment objectives are: • To support the rebalancing of the residential and nursing care market (for the Gwynedd area) by increasing delivery from the public / not for profit sector focused on delivering person centred outcomes for all. • To support the provision of care closer to home by improving the accessibility of residential and nursing care, ensuring provision of services in the Welsh language. • To support sustainability of local residential and nursing care provision through a collaborative, partnership approach which will integrate with the wider spectrum of care delivered from the Penrhos site. • To develop an innovative workforce model that will support the long-term health and social care sector with the potential for application in other areas of North Wales and create opportunities for training through Welsh Language. • To ensure purposefully designed accommodation which will meet the care needs of individuals both now and into the future. • To deliver value for money through the efficient use of resources and delivery of environmentally sensitive accommodation that is carbon neutral.

Part B Form 5: Summary of Key Findings and Actions

Please answer all questions

From your assessment findings (Forms 2 and 3):

3a. Could any of the protected groups be negatively affected by your policy or proposal? Guidance: This is as indicated on form 2 and 3	Yes ☐	No ☒
3b. Could the impact of your policy or proposal be discriminatory under equality legislation? Guidance: If you have completed this form correctly and reduced or mitigated any obstacles, you should be able to answer 'No' to this question.	Yes ☐	No ☒
3c. Is your policy or proposal of high significance? For example, does it mean changes across the whole population or Health Board, or only small numbers in one particular area? High significance may mean: - The policy requires approval by the Health Board or subcommittee of - The policy involves using additional resources or removing resources. - Is it about a new service or closing of a service? - Are jobs potentially affected? - Does the decision cover the whole of North Wales - Decisions of a strategic nature: In general, strategic decisions will be those which effect how the relevant public body fulfils its intended statutory purpose (its functions in regards to the set of powers and duties that it uses to perform its	Yes ☐	No ☒

remit) over a significant period of time and will not include routine 'day to day' decisions. GUIDANCE: If you have identified that your policy is of high significance and you have not fully removed all identified negative impacts, you may wish to consider sending your EqlA to the Equality Impact Assessment Scrutiny Group via the Equalities Team/			
4. Did your assessment findings on Forms 2 & 3, coupled with your answers to the 3 questions above indicate that you need to proceed to a Full Impact Assessment?	Yes ☐	No ☒	
5. If you answered 'no' above, are there any issues to be addressed e.g. reducing any identified minor negative impact?	Yes ☐	No ☒	
6. Are monitoring arrangements in place so that you can measure what actually happens after you	Yes ☒	No ☐	
	How is it being monitored?	Once the scheme has been completed and the care home will be operational, current Gwynedd Council monitoring arrangements for care homes will be adopted and adhered to.	

Part B Form 5: Summary of Key Findings and Actions

Please answer all questions

implement your policy or proposal?		24 months after opening, a post project evaluation exercise will be undertaken by the Project Board to assess whether the Project's objectives and outcomes have been met.
	Who is responsible?	Dylan Owen, Corporate Director – Adult Services, Cyngor Gwynedd
	What information is being used?	The care home will collect its own activity / service data and Estates will record building related information in accordance with the Capital Manual. Satisfaction surveys will be conducted with users, their families and staff to gather feedback on the new facilities.
	When will the EqIA be reviewed?	The EQIA will be reviewed at a number of stages following submission of the strategic outline case (SOC) – at outline business case (OBC) stage and full business case (FBC) and then post project implementation (24 months);

7. Where will your policy or proposal be forwarded for approval?	Through internal governance within Gwynedd Council (Cabinet) and BCUHB (West IHC, Exec Team, PFIG, Board) and then Welsh Government.
--	--

8. Names of all parties involved in undertaking this Equality Impact Assessment – please note EqIA should be	Name	Title/Role
	Christine Rudgley	BCUHB West Area Lead for Operational Improvement
	Meinir Owen	Cyngor Gwynedd Senior Projects Practitioner, Corporate Support Dept
